

An Awfully Beastly Business

SAVING A SEA MONSTER

CHAPTER 5

Hello! This week we are moving onto chapter 5, the last chapter! You will be on half-term and so there are no expectation for you to complete this work this during your half-term break.

Reading

- 1) What does the author mean by 'grating' on page 53?
- 2) What is a lagoon?
- 3) Why might the Redback not allow Ulf to swim with him? Explain.
- 4) How do you think the Redback 'sensed' the open lagoon?
- 5) Can you draw a picture of what Ulf might have looked like before, and after he transitioned into a werewolf – why do werewolves transition?
- 6) Carry the story on – will Ulf and the Redback swim happily together?

Art

Draw a diagram of how a werewolf transitions from a human into their wolf form – don't forget to use labels!

Geography

Are there any lagoons in the UK? What do they look like?

Science

How does an Octopus swim? Explain how the Redback swam into the lagoon – use diagrams to support your answer

PSHE

How would you feel if you turned into a werewolf at full moon? Would you be excited or scared to swim with the mighty Redback? How do you think Ulf felt swimming with the Redback?
