

## ALAN PASSEY

After a management career in commercial logistics and business-to-business services Alan “retired” to become a guitar builder. Hailing from Derbyshire he moved to Kempsford in 2009 when, Fi, his wife, took up a new role with Nationwide in Swindon.

Since moving here he was instrumental in promoting the two Literary Festivals that were held recently. An experience he describes as great fun and the perfect way for a “newbie” to become part of the community.

Alan was previously a Governor at a secondary school in the Midlands and is looking forward to helping the school and its pupils achieve their potential.
