

## GEMMA DI LELLA

I was elected as a Parent Governor in January 2018 before becoming the Vice Chair of Governors in September 2018. My roles include the EFYS Governor and I am a member of the Resources Committee. I decided to become a Parent Governor as I am committed to helping the school drive forward by building an environment that allows every child to grow and have the school journey they deserve. In my professional life, I work in the financial sector delivering strategic solutions to combat Financial Crime. I hope my professional skills will be useful to my fellow Governors and Kempford School.
