

# An Awfully Beastly Business

SAVING A SEA MONSTER

## CHAPTER 4

Hello! I hope you've had a good week and are enjoying this lovely weather! This week, we are moving onto chapter 4, Lets see if Ulf and Dr Fielding have been able to help the mighty Redback!

### Reading

- 1) What does the word 'illuminated' mean, why does the author use this word on page 40?
- 2) Why are some of the Redback's tentacles paralysed?
- 3) Dr Fielding told Ulf that "A sea monster's brain is highly specialised." What might she mean by that? How might a sea monster's brain be different to ours?
- 4) Why are Dr Fielding and Ulf not scared of the Redback anymore?
- 5) What grammar has the author used in the sentence 'It was heavy and wobbled like a raspberry jelly as he lifted it out.'
- 6) Can you describe the world that Ulf and Dr Fielding live in? It must be magical if there are werewolves and giants!

### D&T

Can you create your own suction pump? It needs to be big enough to work on the massive Redback!

### R.E

Ulf wanted to help the Redback – what Christian values has he shown so far?

### Science

The Redback is able to sense vibrations, create your own vibrations using a variety of different materials.

### Literacy

Write a poem about how Ulf has helped save the incredible Redback.
