

Liz Shimma Gov profile.

Hi, my name is Liz Shimma and I'm a Co-opted Governor on the Resources committee. I'm a parent of a pupil in year 6 and I also have a older child who is now in Sixth Form at Farmor's school. In my "day job" I have recently qualified as an Adult Nurse.

My previous roles have included working in a primary school as a Teaching Assistant, as a Playworker on a Playbus, running a voluntary organisation supporting adults with learning difficulties to access services and as a Youth Worker for Gloucestershire County Council.

Having been a former resident of Kempsford for 14 years and having 2 children educated at Kempsford Primary School, I have seen the school go through many changes and I am happy to support the school as it further develops and flourishes.
