Helping at home—Letter and number formation

As an additional aid to enhance the children's handwriting and letter/number formation, we use an online resource. <https://www.doorwayonline.org.uk/activities/letterformation/>
 If your child would like to practise their letter/number formation at home and would like to bring in their work to share with the class ,we would love to see it. We will also be awarding house points for their work and would like to make a class display to promote writing in EYFS.
