

Fortnightly News from the Classroom

KALEIDOSCOPE

The children have worked really hard during their assessments and have approached them with a great 'Karly can do' attitude! They have really enjoyed learning about Amelia Earhart and have created timelines to show and talk about how transport has changed throughout history. The children have also been enjoying focusing on using adventurous vocabulary to improve their description writing and are proud of how their writing is developing.

THE POD

The last two weeks the Pod have been working hard continuing their non-chronological report unit of work and completing assessments. Today we have been celebrating Red Nose Day by designing our own red noses and enjoying activities that year 6 organised for each class.

THE PRIDE—PGL FAQ's

Pocket Money

There is an onsite shop which children are able to access in the evenings. In an effort to make this more manageable if children do plan to bring in money **please make sure this is no more than £10.**

Sleeping bags

It might be a good idea to bring a spare sleeping bag for the week. This can be stored in children's room in case they are cold or need to change in the week.

Communication

We will be using SchoolPing to send messages throughout the week and the number for contacting the centre directly is **0333 321 2100** who can get a message to us on the site should you need to. Phone calls being made to parents will appear with the message 'no caller id' if they are needing to be made.

Medication

Please bring any medication in a sealed bag and inside the original packaging with instructions for dosage etc. On arrival to the bus please hand this medication to a member of staff before boarding the coach.
