9th June 2023

Dear Parents/Guardians,

This letter gives the information you will need for your child in Class 3 (The Pride) this term.

This term our learning will be based on our book hook, Holes.

P.E.

P.E will be taught every week on a **Friday**. Please can you ensure that **your child arrives at school already dressed in their PE kit**. They will remain in this for the day and need not change, below is the required PE kit:

- **White T-shirt and school jumper**
- **Black shorts or dark joggers** when it is colder weather, as the children will be currently be outside for PE
- **Black trainers. No school shoes as many of these are not suitable for the PE activities that the children will be participating in. Black trainers are allowed for general school uniform.**

If your child is participating in any after school activities, the children will need the same PE as expected during the school day. In line with our uniform policy, no 'team' kits are to be worn. The only change to PE kit for after school clubs will be footwear where needed i.e.: football or rugby clubs.

Belongings

Children need to bring coats, their lunchbox if not having a hot meal, one snack and water bottle into school each day. To help build independence and responsibility, we provide each child with their own pencil case of resources to use within the classroom. We also do this so that their own items, which may be from home, do not get lost and are safe. The children are encouraged and reminded to look after their belongings and keep them in the places allocated for them, though at times things can mistakenly be misplaced. To help with this, please can you ensure any uniform items or other belongings are named to help us return them to the right location should they go missing.

Snack and allergies

We have a small break each morning for snack time, where children have **one** snack item to help keep them going. Their snack needs to be a healthy item, preferably fruit that the children can eat quickly and easily. We have fruit delivered to school each week so always have some available. We do have children in the class with **severe nut allergies**, so please check labels of food items very carefully to make sure that snacks brought into school **do not contain nuts**. If a child does have an item containing nuts, we will need to remove it from the classroom and provide them with fruit as an alternative to help keep all of the children safe, thank you for your cooperation with this.

Do remember to record every read as we check the children's records weekly and total them to see when they achieve a reading certificate, it would be fantastic to achieve as many as we can this term!

Homework

Homework is **set online weekly every Friday**, starting from next week and is designed to consolidate the learning the children have done during the week. There is a positive correlation between

Events this term

Swimming

All students are encouraged to take part in swimming lessons at Cirencester leisure centre. As part of this learners will be able to gain skills in and around the water and skills around independence when getting ready both before and after the sessions in readiness for KS3.

Out and about in the community

There are a number of events which you should find within the School Ping calendar over the next couple of weeks as more information will be provided around transition days and leavers ceremonies for the children in Class 3.

Kind Regards,

The Pride Team
